Summary

Junior Software Tester with 1+ year of experience in **Manual and Automation Testing** of web-based applications. Skilled in **Selenium WebDriver, Java, TestNG, Maven, SQL, and Postman**, with hands-on experience in functional, regression, smoke, sanity, and UI testing. Strong in defect identification, test case design, and requirement validation, with a focus on delivering reliable, high-quality software.

Experience

Software Tester | Veshcorp Technologies, Chengalpattu | Jul 2025 – Present

- Performed functional, regression, smoke, sanity, and UI testing.
- Automated repetitive test cases using Selenium WebDriver, Java, TestNG, and Maven.
- Reported defects, verified fixes, and supported reliable software releases.

Skills

- **Automation Testing:** Selenium WebDriver, TestNG, Page Object Model (POM), Maven
- **Programming Language:** Java
- **Manual Testing:** Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, UI Testing, Test Case Design, Defect Reporting
- **Defect Management:** JIRA
- **Database:** SQL
- **API Testing:** Postman, REST API
- **Version Control:** Git, GitHub
- **Testing Methodologies:** SDLC, STLC, Agile (Scrum)

Project

ERP Web Application – Manufacturing Industry

Role: Junior Software Tester (Manual & Automation)

Project Description:

A web-based ERP application designed for the manufacturing industry to manage product, inventory, sales, production, warehouse, and reporting processes. The system supports purchase and sales orders, inventory tracking, production planning, work orders, and role-based access. It helps streamline business operations and provides reports for monitoring transactions and operational performance.

Key Contributions:

- Analyzed requirements and prepared **test scenarios, test cases, and RTM**.
- Performed **functional, regression, smoke, sanity, and UI testing**.
- Automated repetitive regression scenarios using **Selenium WebDriver with Java, TestNG, and Maven**.
- Reported defects in **JIRA**, verified fixes, and performed retesting.
- Validated application data using **SQL** and performed basic API testing using **Postman**.

Education**B.E – Electronics and Communication Engineering**

2021 - 2025

Kongunadu College of Engineering and Technology, Trichy

CGPA: 8.81/10
